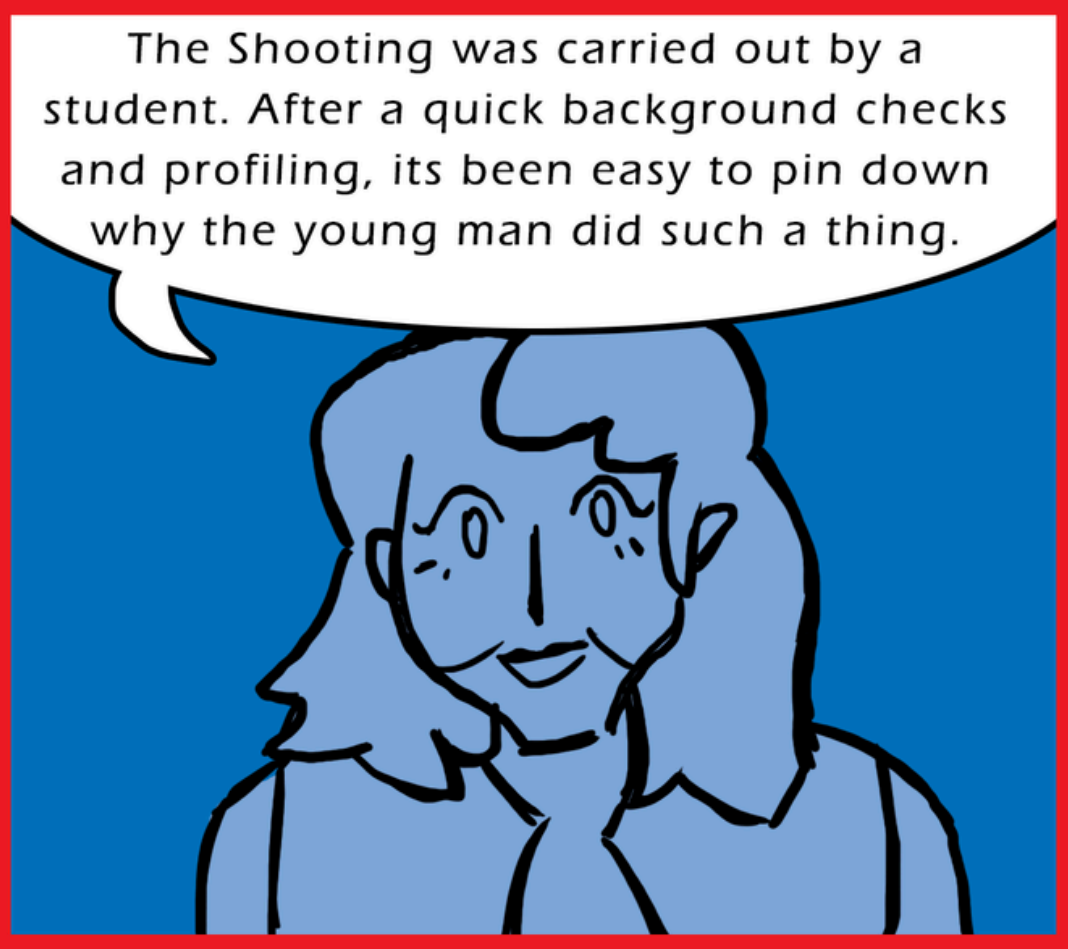
A TALKING GUN

"There comes a point where a person needs to be accountable for what he's done. Can't go making excuses, blaming other people or other things."

- Jeffrey Dahmer, 1994

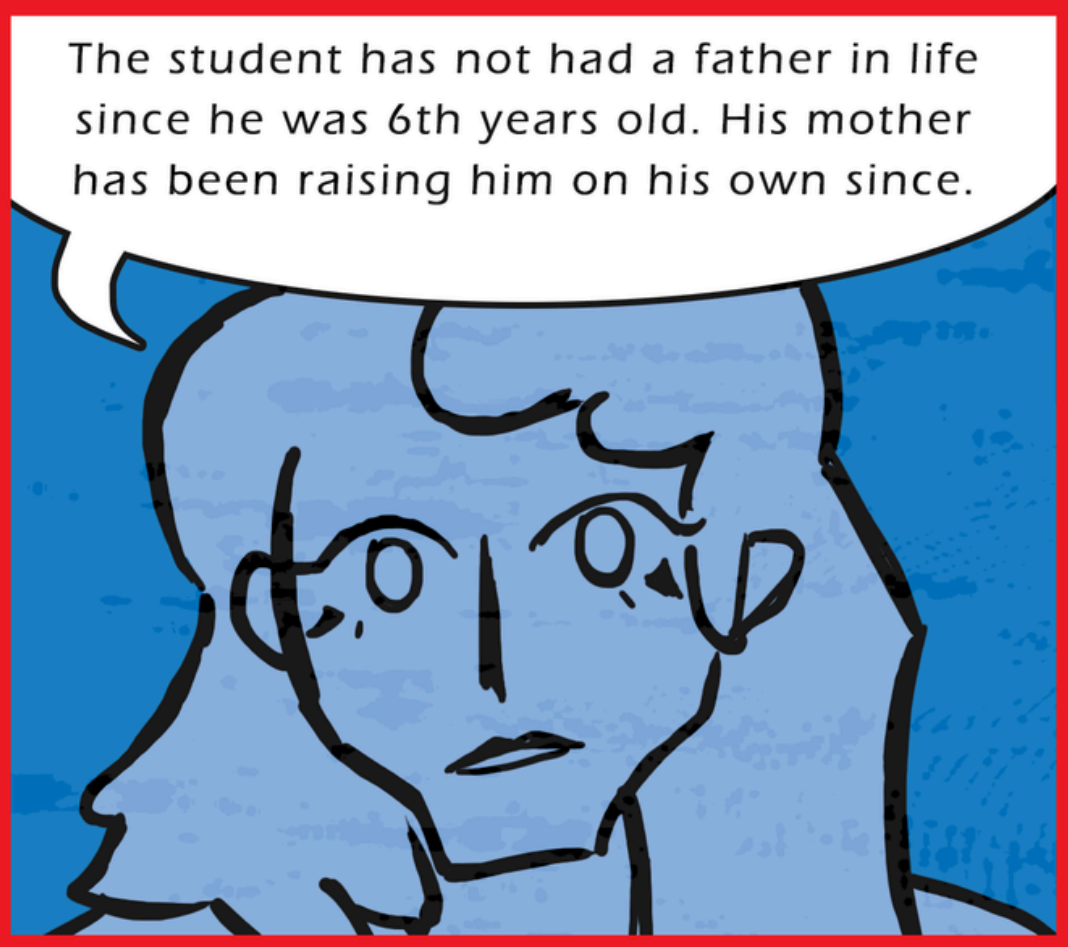
Another Mass Shooting wreaked havoc on a Floridian school this morning.
Breaking News

Reports say there were 5 casualities and 2 injured, including a pregnant teacher.

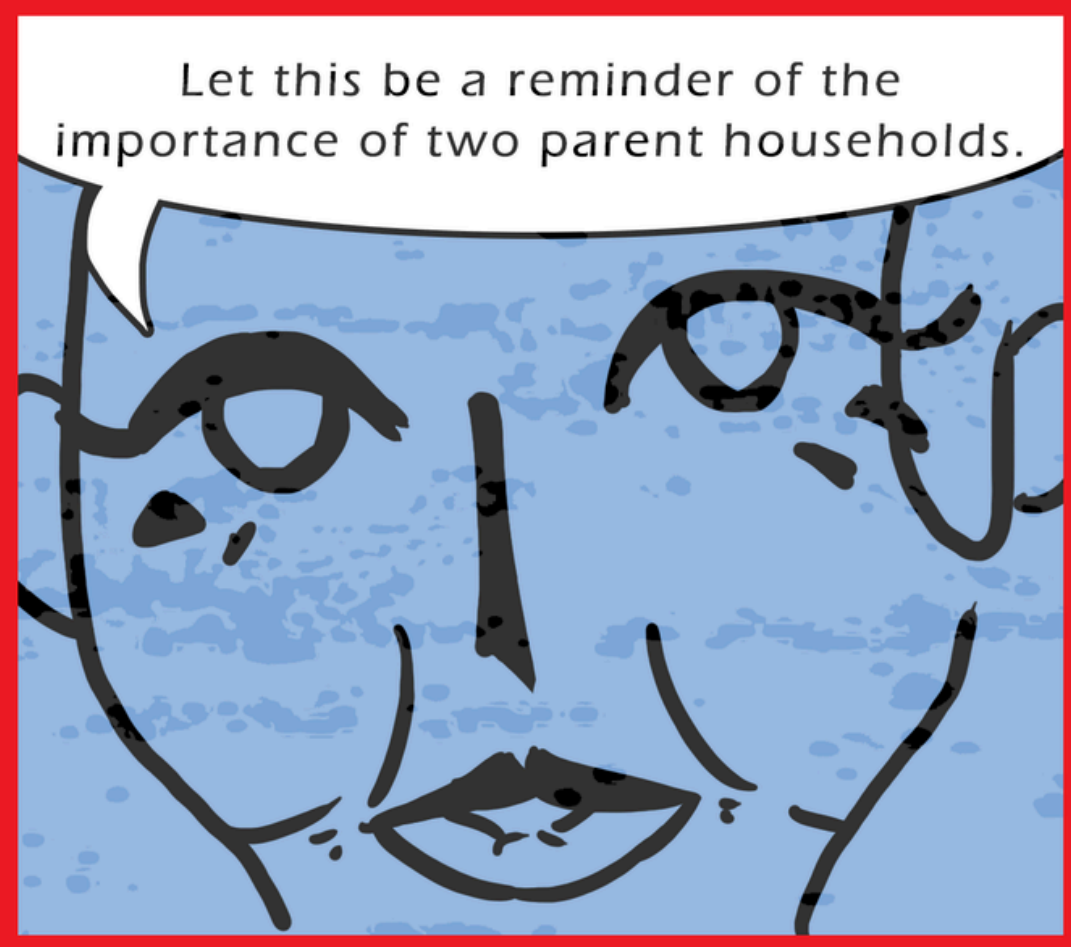


The Shooting was carried out by a student. After a quick background checks and profiling, its been easy to pin down why the young man did such a thing.

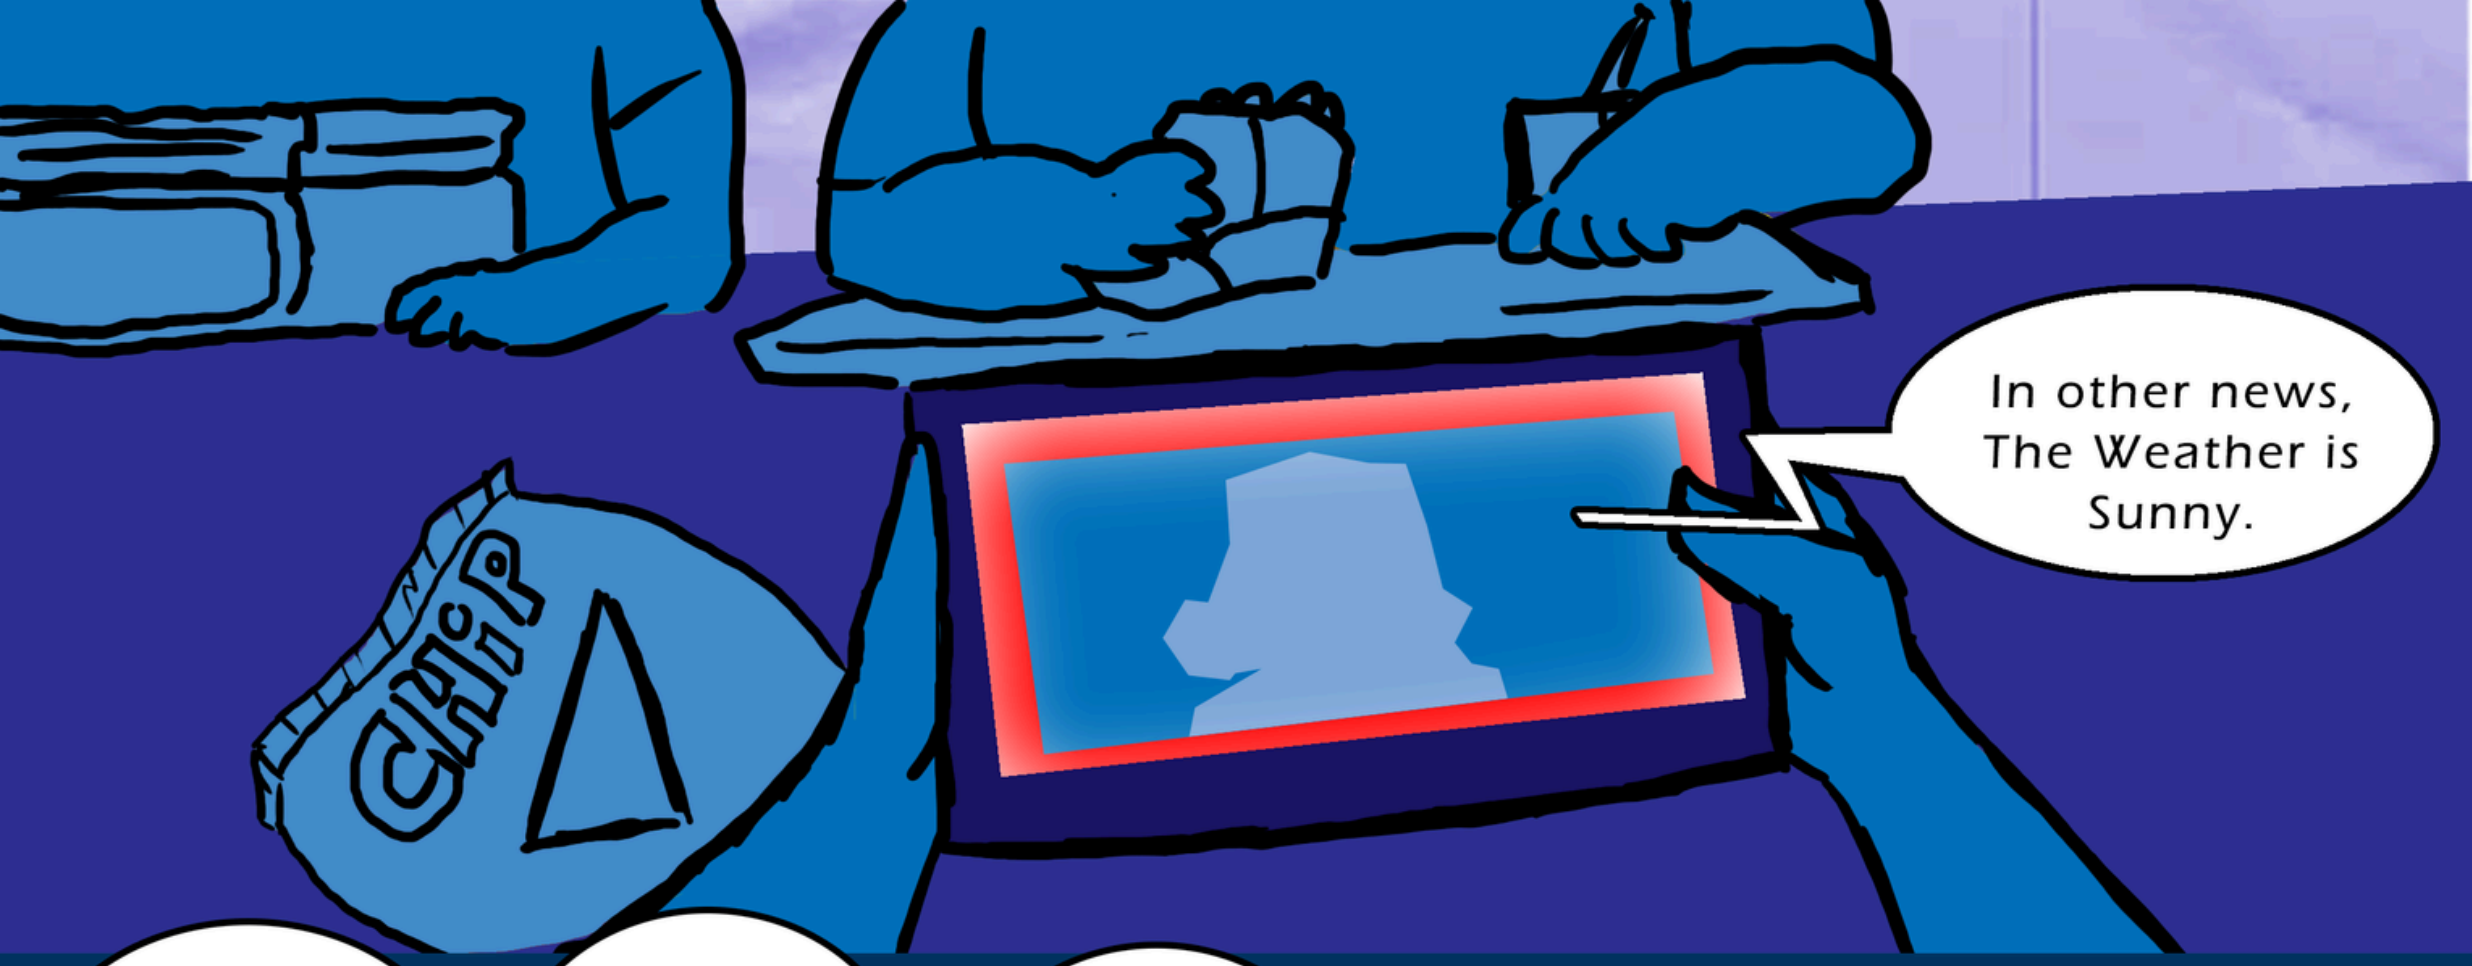
Fatherlessness...



The student has not had a father in life since he was 6th years old. His mother has been raising him on his own since.



Let this be a reminder of the importance of two parent households.

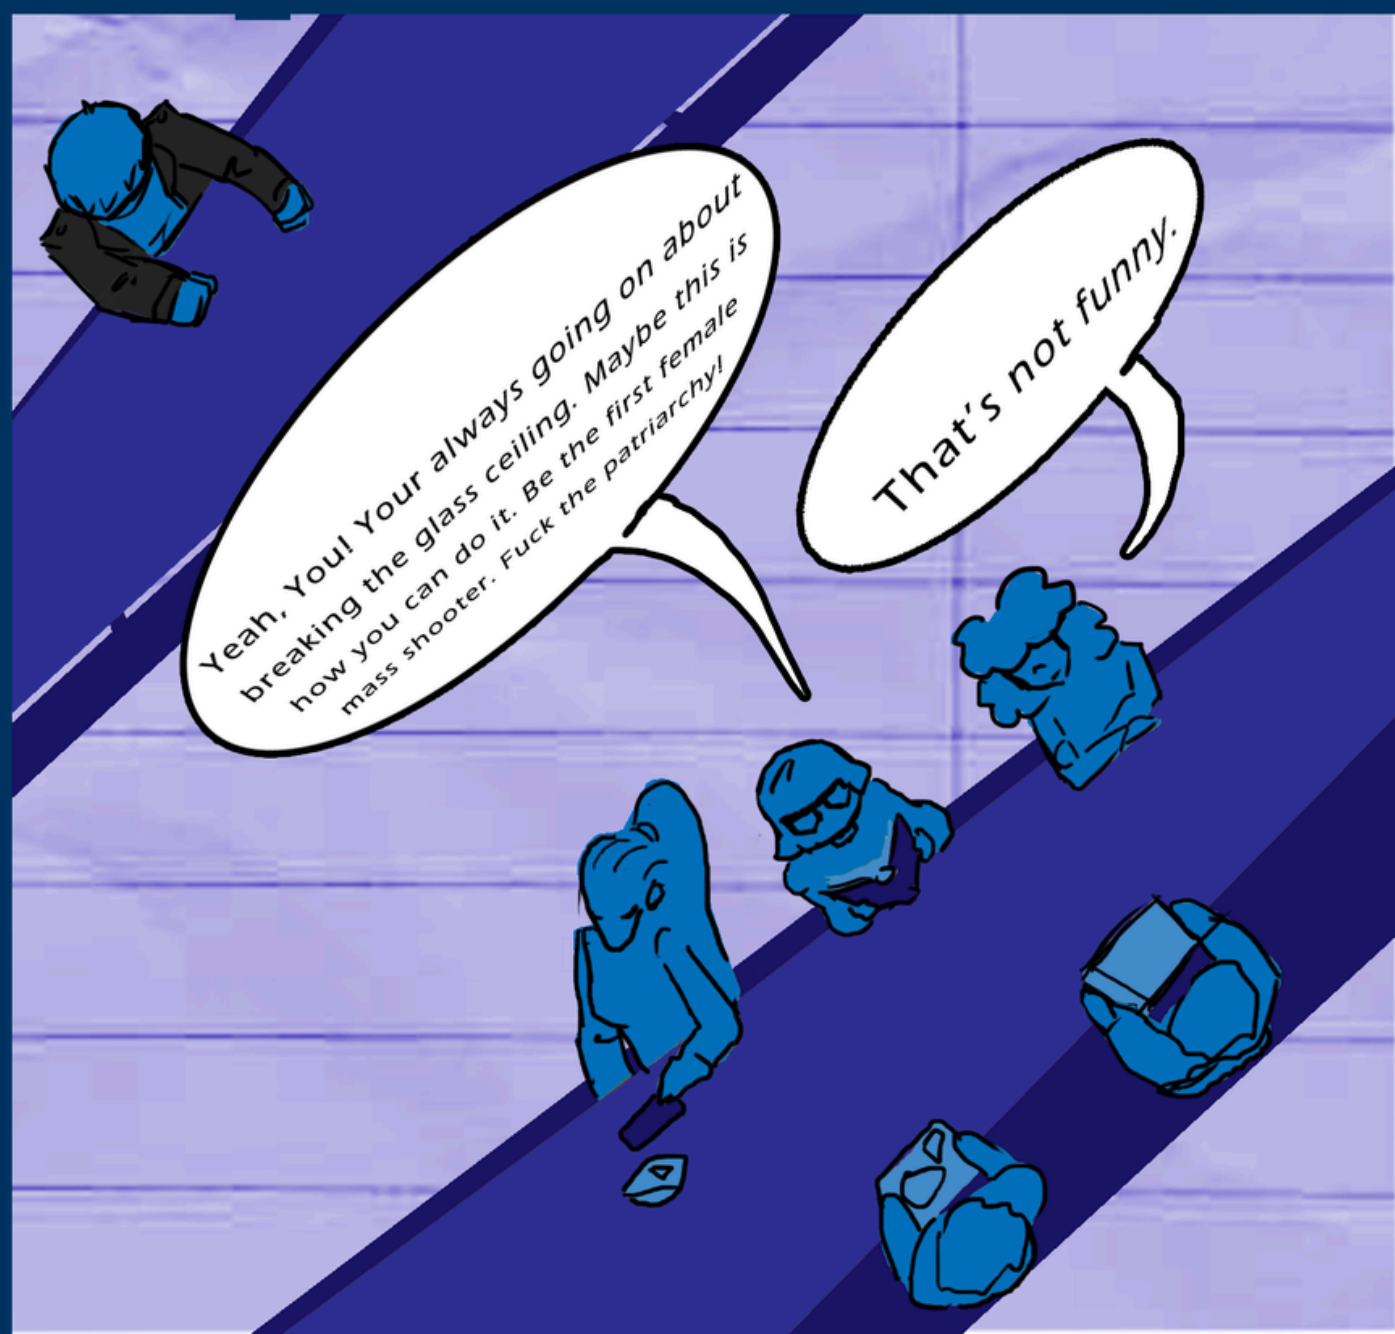


In other news, The Weather is Sunny.

Geeze, this is like the third one in two months.
One of these days it's gonna happen here.
That'll never happen.

Who do you think would do it?
Sure it could
Hmm... Maybe Brandon. He's always been kind of a loner.

That kid vomitted in health class. There's no way he could fire a gun.
Maybe it would be you?
Me!?



Yeah, You! Your always going on about breaking the glass ceiling. Maybe this is how you can do it. Be the first female mass shooter. Fuck the patriarchy!
That's not funny.

You know who totally would?

The trenchcoat kid!

Who?

Yeah Definitly him.

His name is like Vincent, Victor? Some V name.

He has been staring at us all lunch.

Fuckin' creep.

Hey Ladies, I just want to make sure. I just want you all to know you are invited to my party tongiht. Are you all coming?

You got weed?

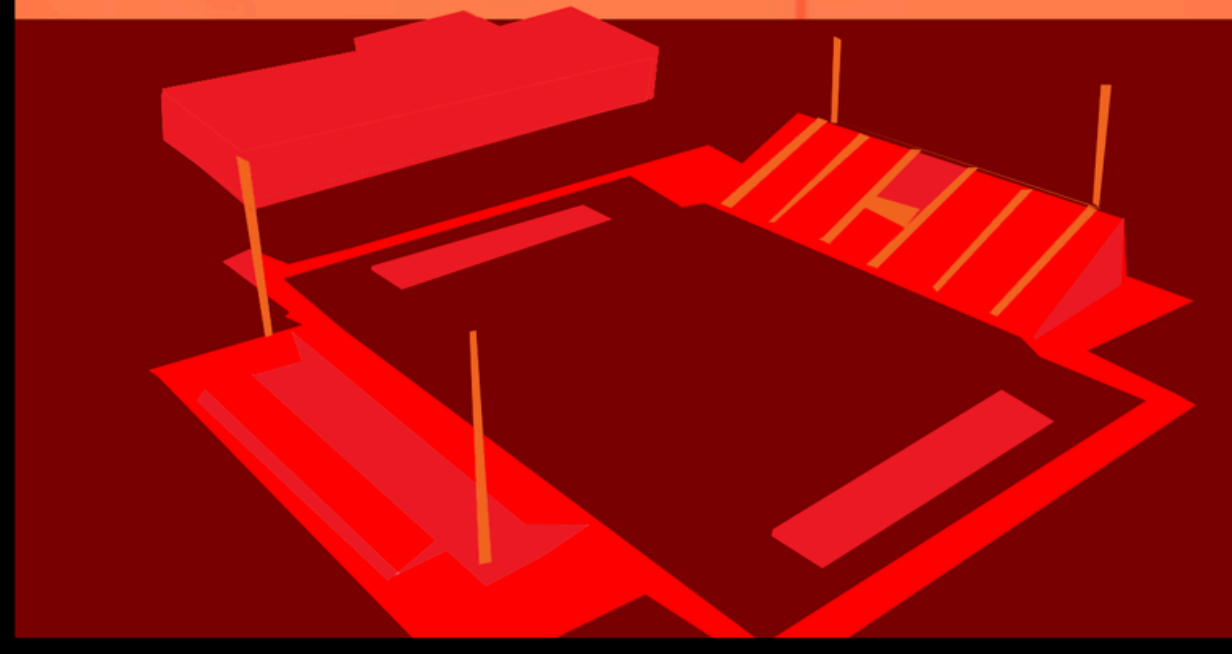
Yeah

Sure why the fuck not.

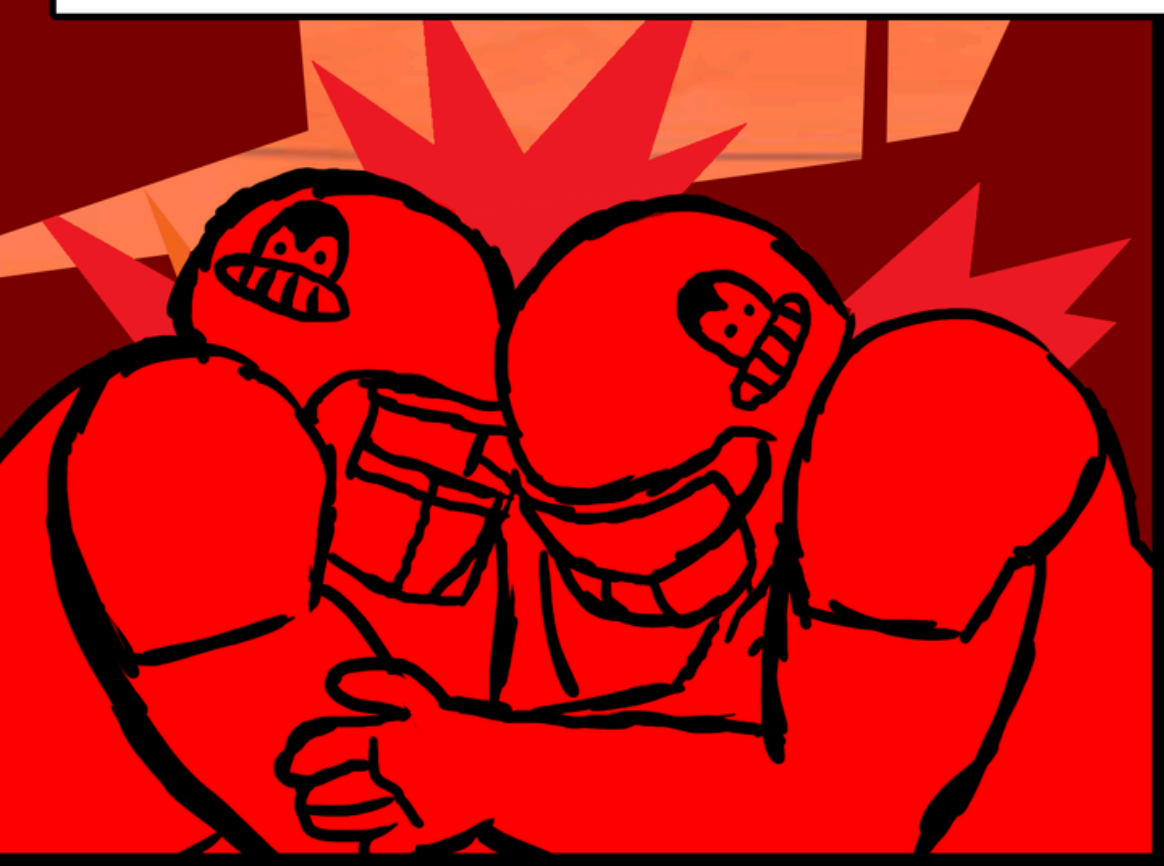
Those girls are sluts for finding him attractive. If only my dick was bigger and my wrsits were bigger, I could show them some real chivalry. Give them a traditional life they would love. Instead they are going to be stuck with drugs and hedonsim. I could show them the way, if only.

I don't like my school in general.

Welcome to Cochrain High Shcool



Most of our money comes from our football games. The school spirit for watching teens knock their heads togethor is about as high as the punks who hang out by the dumpsters

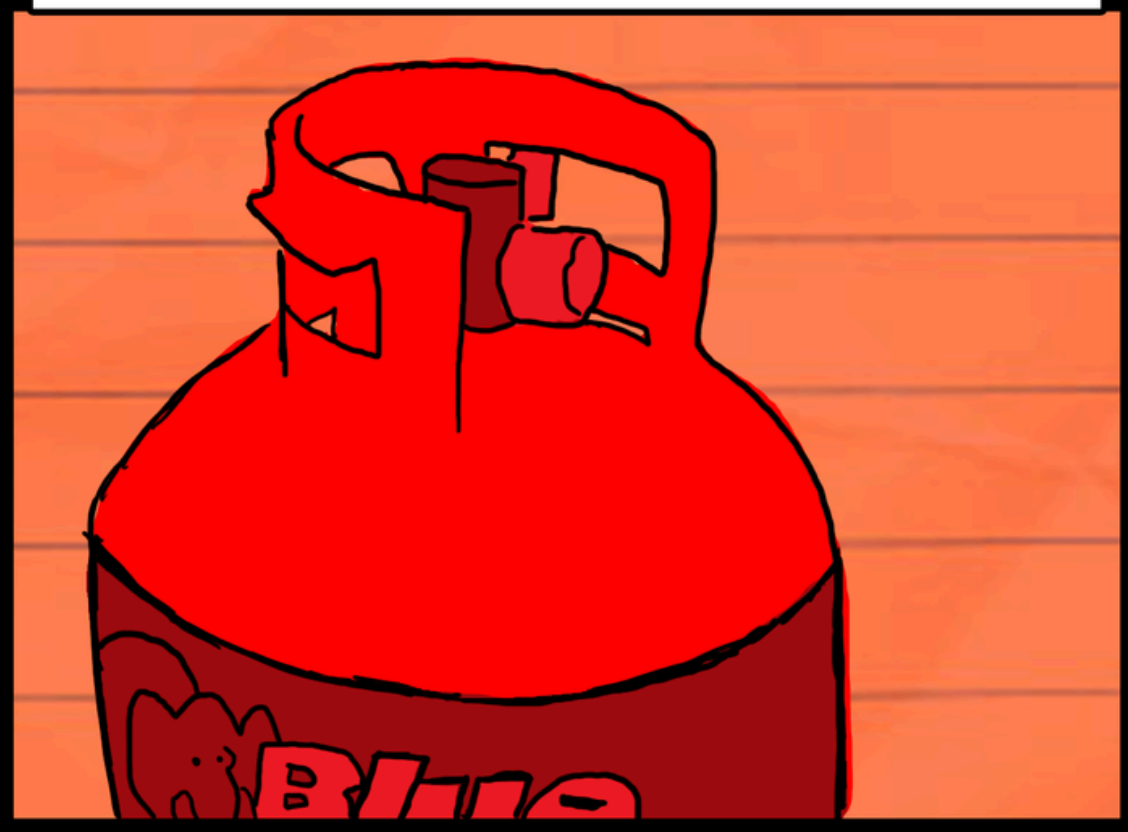


Because of the income from the games, The jocks act like they own the school.

Our best achievment comes from the schools culinary efforts.

Every Football game, our School rolls out HotDog Venders.

They are heated with real propane tanks. They give the games a real street food smell.



People from all over the county come to our games just for our hotdog vending.

It's just something you can't get anywhere else I guess.

Any other school in the area will hand out cheap popcorn, bagged chips, and soda.

Imagine attending a high school with junk food as its number 1 export.

Every class here is a snooze

The teachers here are assholes.

F-

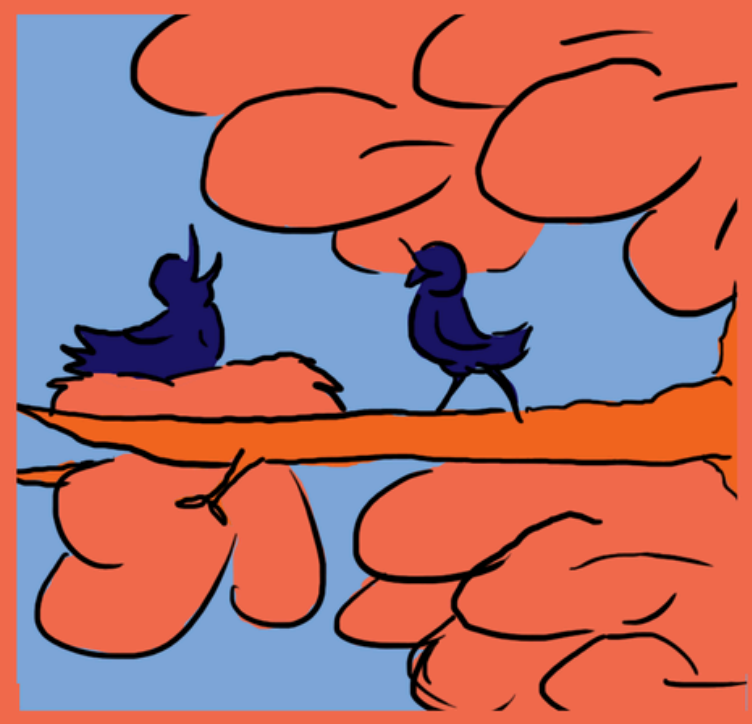
Ms. ANderson gave me an F.

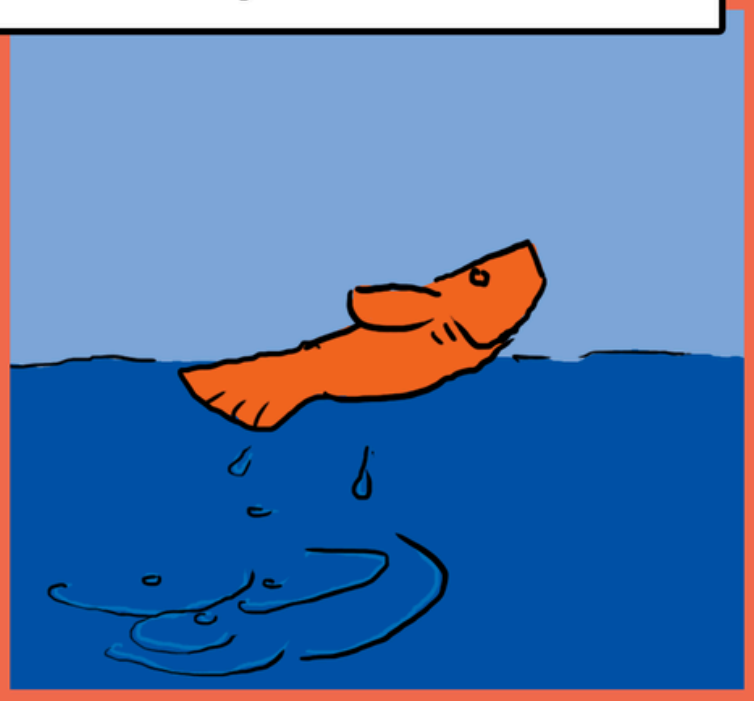
Coach Toadstoole said I was under performative

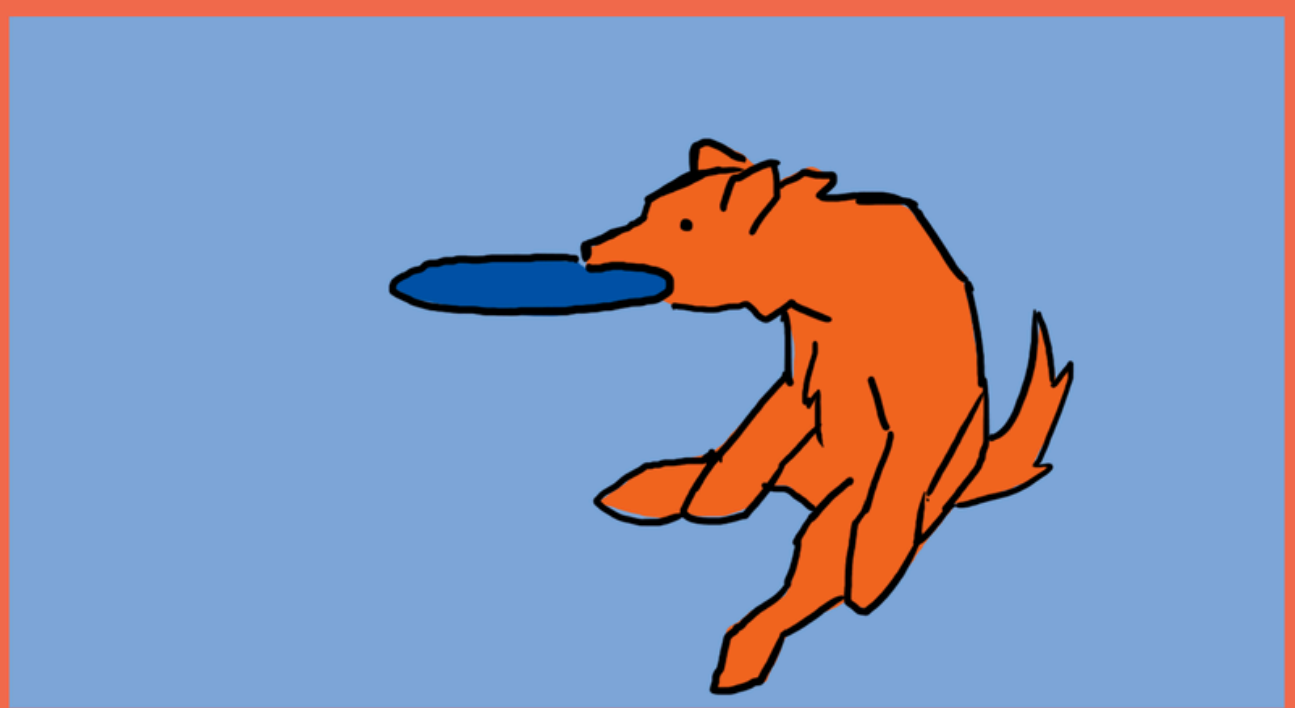
Prof. Joan failed me because I wrote an essay calling Fences overrated and if she wanted to teach black cultrue she would show the class Blacula.

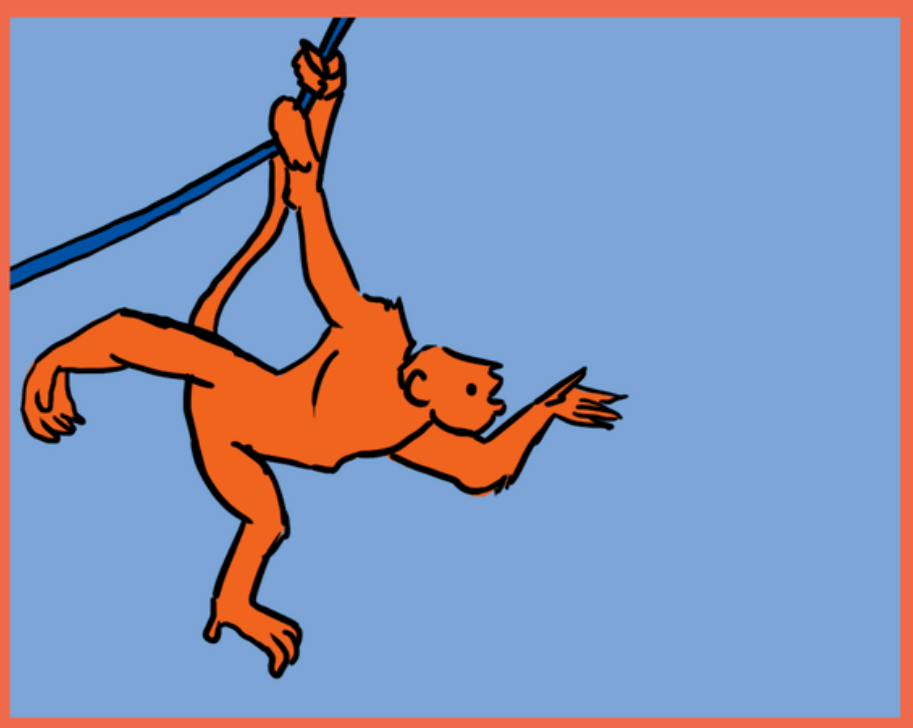
Fuck Yeah.
I love
Blacula.
It's not
polititcal at all.

I wish I didn't have to spend all day in a classroom









Instead I am stuck in school with every low life on earth.

Look at them

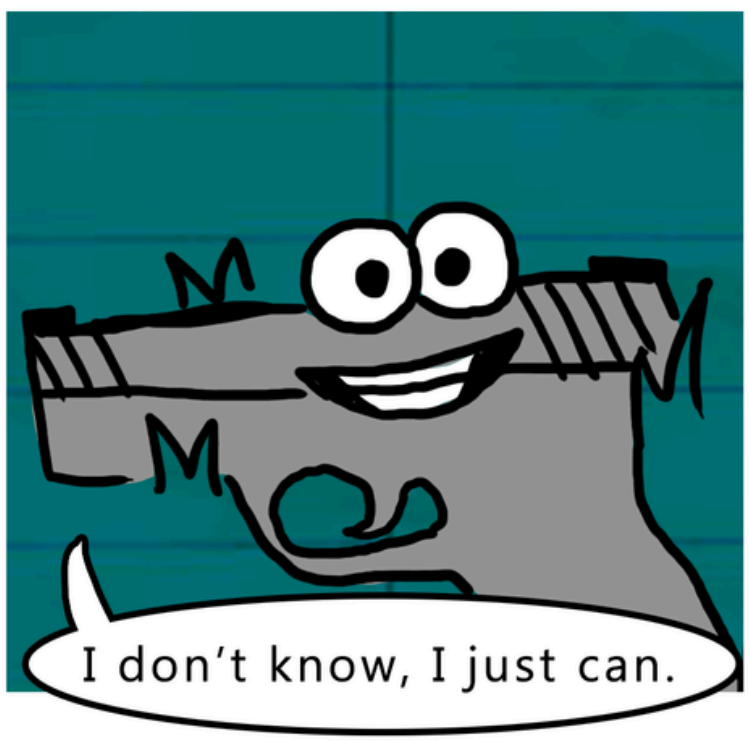
I can talk

How can you talk?



I don't know, I just can.

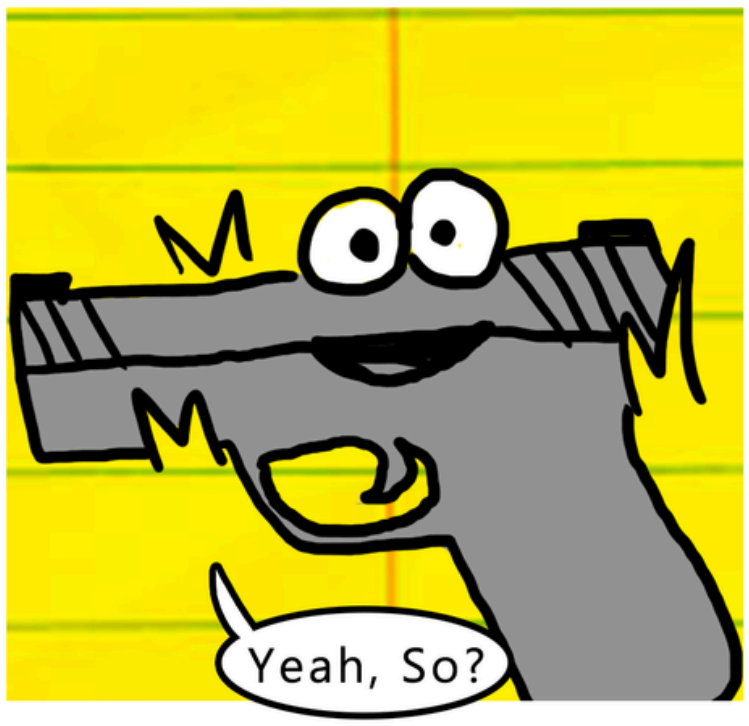
How long have you been able to talk?

One day I just woke up. I can't explain it.

How come you didn't speak up earlier?

I don't like to draw attention to myself. I only spoke up because I didn't want to kill anything .

You're a gun!



Yeah, So?

Guns are made for killing.

Well I don't want to.

I must be going crazy.

Please, just don't use me to kill anyone. I don't want to kill anyone. I am a pacifist. I don't want to do it.

Promise me you wont use me to kill anyone. Please don't make me do it. I don't want to do it.

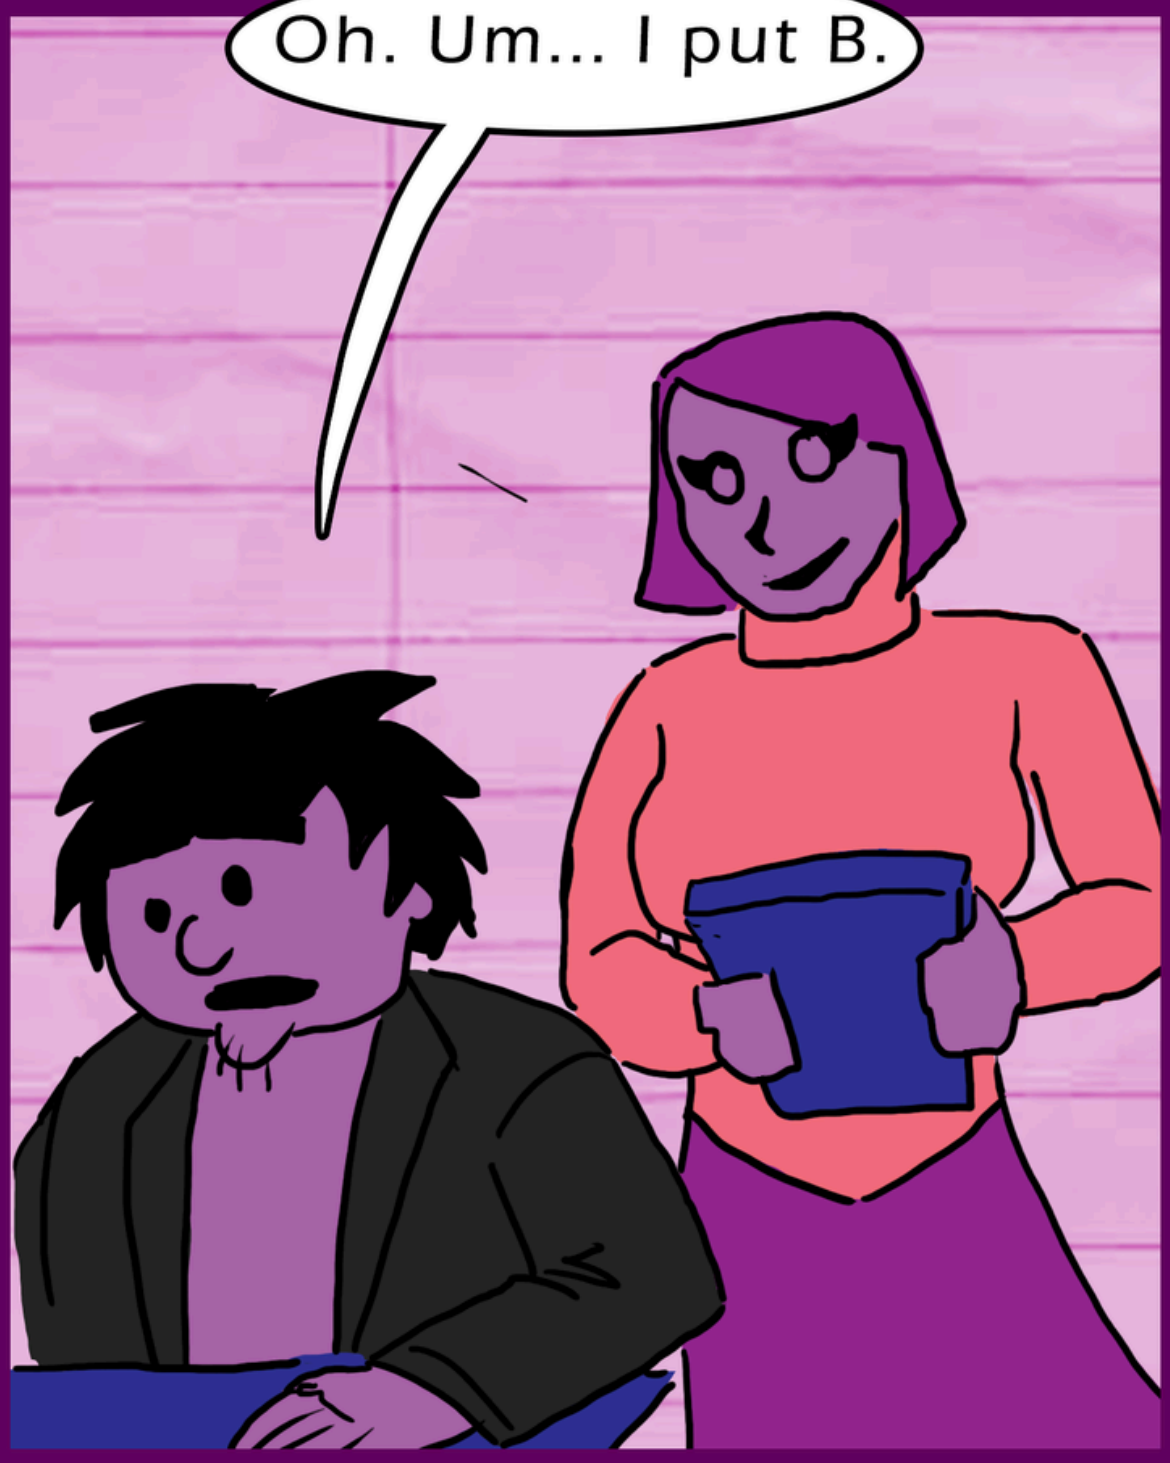
Maybe I could profit from this? Take it around the country and show off my magic talking gun.

Hey, Pardon me.

I am sorry, I didn't mean to startle you.

I am just wondering if you have the answer to question 12?



Oh. Um... I put B.

Thanks so much.

Is that a doodle of Leo Nielson?

English

Yeah, I think Leo is kinda hot

Are you a fan of the Kill Everyone franchise?

Yes. I am.

A lot of girl freinds make fun of me for liking dick flicks

But I think they are fun.

What's you name by the way

Heather

Yours?

Vincent

I knew it was a V name.

She seems like a nice woman. Maybe she is the one.

Hey um... I was wondering if you doing anything...

Hey Heather!

Hey Chud

We got a date planned for tonight

Anything for my bae.

Heather is Chud's girlfriend ?

Of all the Jocks in this school, Chud is the biggest and dumbest.

He treats women like trophies. Things to show off. Women would be happier with me if I could just show them

I can't beleive Heather is a slut like the rest of them.

For a moment I really thought she was different.

She dressed modestly. Was nice to me. Liked good movies. I thought she was different.

But she is just like the rest of them. Fuck it. Fucker Her. Fuck them. Fuck all of the everything.

There are a few people I want to kill. Not just one. I need something that I can...
Do some damage with.
Damage?
Yeah! Damage! I have more than a few people I want to kill.
How many people are you planning on killing? Five? Ten?
Everyone. I want to kill Everyone. I want to show them what a real alpha male is.

Hey Vince, who are you talking to?
Go away Mom! I am just playing a video game.
No.
Do you have any freinds all all
I hate everything at my school. The girls at my school are skanks. The teachers fail me. All the guys are assholes. I just want it all to go away.
Nope.
Have you ever had any freinds? A girlfreind?
Are there any girls you like? At all?

There is one. But she is just like the rest of them. I shouldn't waste my time
Even though I am an onbject created for murder, I do not want to kill anyone.
I have no control over the body I have. I am subject to the whims of those who hold me.
How about I offer you a deal.
What kind of deal?

Your school's dance is in a month, right?
How do you know that?
It is, isn't it?
Yes, it is.
Here is my offer. Follow my advice and if I can get you a girlfreind by the end of the month, you won't use me to kill anyone. Would you agree to that deal?
Why should I trust you?
I am a talking gun, why shouldn't you trust. It's me who has to trust you.
...
What's the worst that can happen.
Deal!
Deal!
I hope this works because I have no idea what I am talking about.

Bzzt
Load your free time with constructive activities like reading.
Is it really worth reading this? Why do I care who the lord of flies is.
It's your Homework! Its going to help your grades if you read the Homwork

Step 4. Give an honest attempt to increasing your arsenal of freinds.
Mind if I have a seat at this table?
I don't think-
I don't see a problem.
C'mon. Let's give him a chance.
So... Whats going on with everyone.
We were just talking business.
What kind of business.

Y'know business
My dad is a business man.
He's in advertising. He comes up with ads for the Placeless Tooth Brush company.
Thats not the kind of business we do.
What kind of business then?
Should we tell him? I bet we could make him a client. Let's stay its something light.
Well... Y'know how MJ is becoming more legal.
Yeah
Well I am one of the leading young men in making legal for minors to sell

The way I see it, if a teen like me can flip burgers for money, I can sell some dope for dough too.
That's fair.
Want to try some?
Naw. I'll never touch the stuff.
But... Do you need help with the business at all.
We do need a new place to stash stuff.

Don't give me that look Chud. My folks are getting suspicious. The school is checking our lockers. We need a new place for storage. A safe place to keep things.
I may know a place. It's secluded. You could keep anything there. No one would find it.
Do we really want to trust him?
I know its not just Marijuana.
I'm not stupid. If you are looking for a place to keep your sugar, I can show you a place. Just make sure you have a portable safe you can carry to the place.

This is a secret place for me. As far as I know no one else knows about it or ever comes here. I have always used it as a place to rest and escape.
I brought this fold out chair here a few years ago so I could sit down and just enjoy the place.
You can hide your drugs here.

You're helping them hide drugs!?
You told me to try and make freinds with people. So i made freinds with the most popular kids in school.
Yeah, but not like this.
Hey! Don't get upset, your advice is actually working.
It is?
Yeah. How'd you get so informed on dating and social advice.
I don't know. Maybe its because I used to have a girlfreind.
You had a girlfreind?

Yeah. An AK-47.

We sat next to each other on the shelf.

I liked her and she liked me.

Our shelf was in the perfect position, so that we could eatch the sunrise and set every morning and evening. It was beautiful.

Then one day she was picked up.

We never saw the sun set togethor again.

That's... I'm sorry.

It's okay.

Well, as I said, your advice worked.

I got the popular kids a place to stash their drugs, they decided to thank me by setting me up on a date.

Really? Who are you meeting up with?

A cheerleader named Sarah. We are going to a movie.

What movie?

You'll find someone eventually. Don't worry.

Yeah... I guess.

Hey, are you still planning on shooting up your school? With me?

No. You got me a date. That was the deal. I am also having a good time blowing off steam here in the meadow with soda cans.

Vincent!?

Hope you don't mind me coming out here.

It's fine.

I mean... uh....

Is that a gun?

It is, what are you doingh out here? Shouldn't you be at the football game?

I was getting away from my boyfreind.

Chud?

Yeah... He can be a bit much.

I thought you two were close knit?

He's...

...Aggresive.

So you see... Chud was abusing me. Almost since the start of our relationship

His Father was a cop, so when I tried to speak up, my claims were not taken seriously.

My son would never do such a thing, young girl.

Chud threatened to kill me if I ever spoke out again.

I once tried to kill him. To free myself from this relationship.

Its difficult to work up the courage to stab someone to death...

But with a gun...

Woah, You can't use this guin to kill chud

Why not?

Because I don't want to kill anyone

The gun talks?

You heard him!

That means I'm not crazy

How the fuck does a gun talk?

I don't know I just can.

Does it still fire?

Yeah

Give it to me.

No.

Why not?

If you kill Chud, you'll just get arrested and have to go to prison.

Thats true...

There has to be another way. I cam help you out. Find an alternative.

I don't think that...

Besides, its your own fault for dating him in the first place. However you break with him, try and make better choices in the future.

THWACK!!

Please dont do this. I don't want to kill anyone.

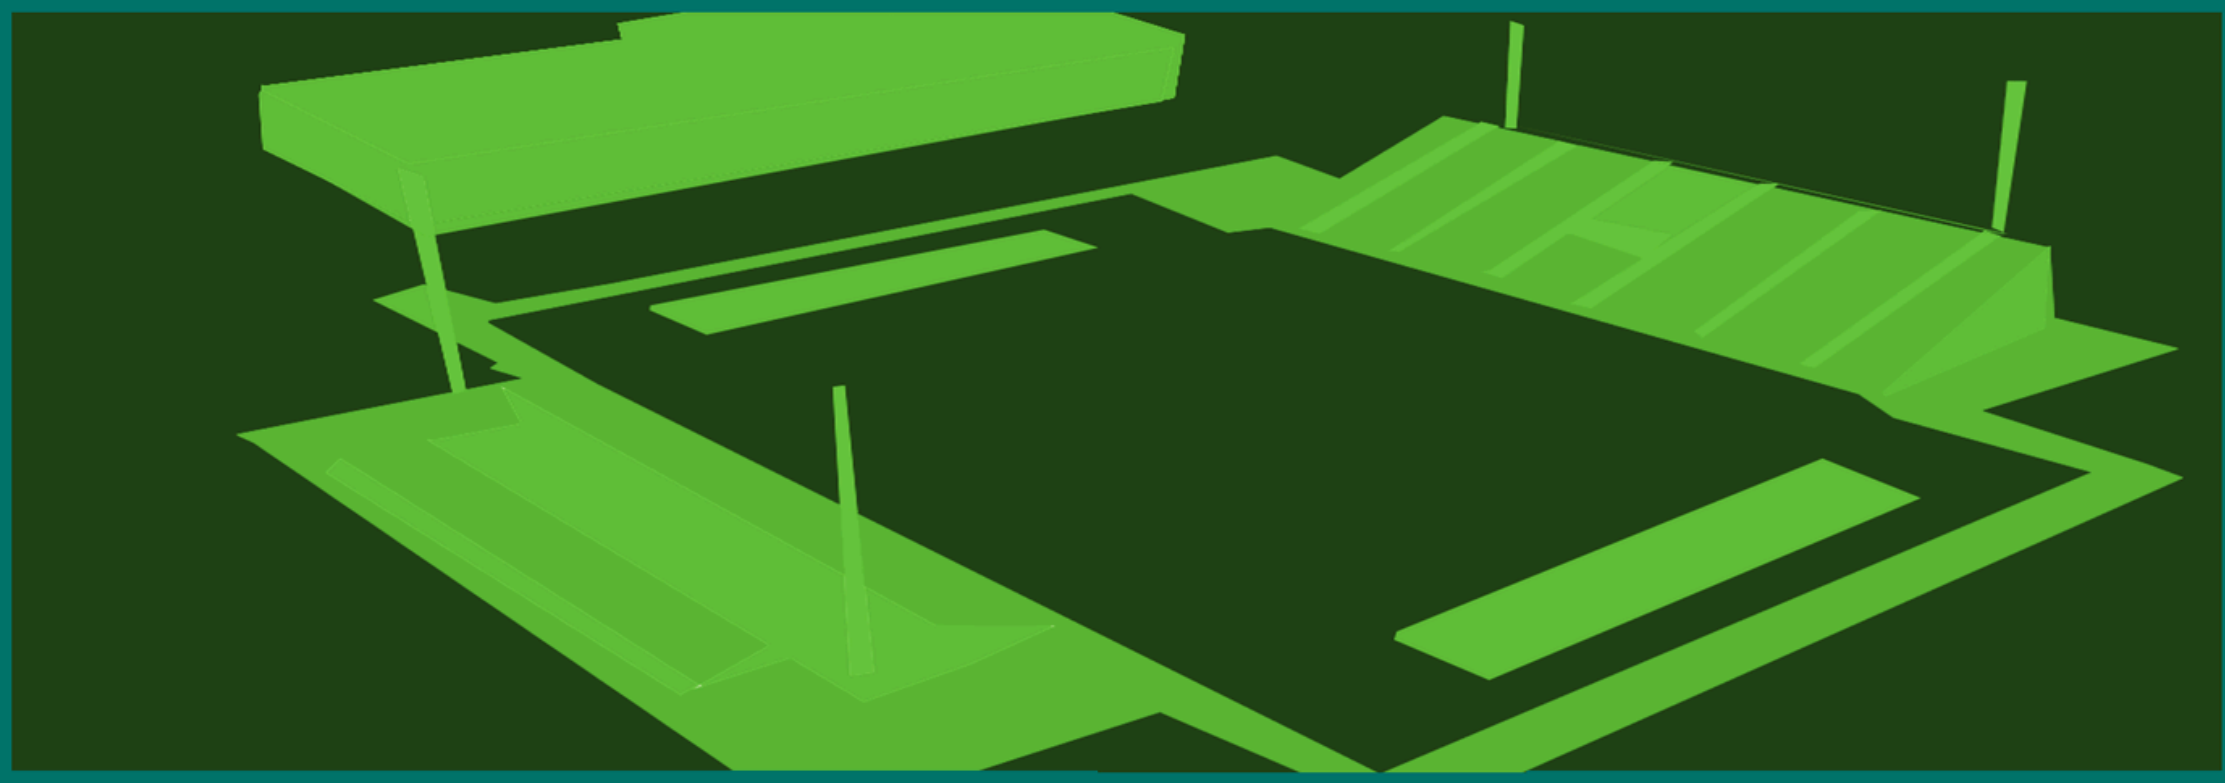
Is there anything I could say that would change your mind? Anything?!

Listen, you better shut up!

Your a talking gun! If people found out about you, you would get taken away by some secret government agents!

They would melt you down. You think humanity is read for a talking gun.

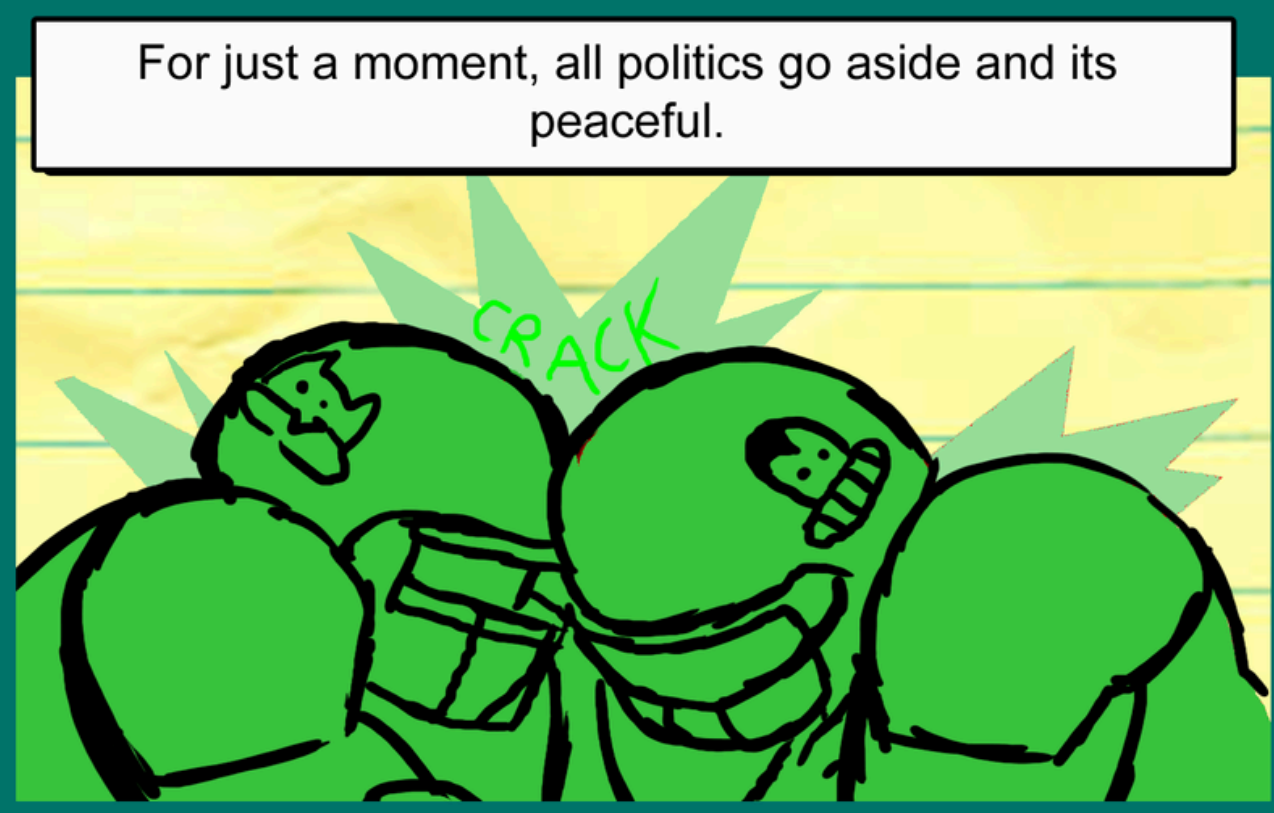
Just shut up and this will be over quickly.



You know what I love about football games?

The escapism?

For a few hours I don't have to think about wars, gun violence, racism, any of the bad things in the world.



For just a moment, all politics go aside and its peaceful.
CRACK

I hope i can get there before she fires the gun!

Hey Chud, I need to talk to you before your game starts!

Heather?

Hey Babe, get off the feild we are about to play a game

Chud, Get down!

BANG

Give me the fucking gun!

Thats not true!

On your knees!
Drop the gun!

It's not True! I'm the victim here, just ask the gun!

The Gun talks, just as the Gun. The Gun will tell you. Gun Speak up

GUN! GUN! WHY AREN'T YOU TALKING! IT'S A TALKING GUN, I SWEAR!

Another mass shooting reaked havoc on a high school football game yesterday.

**Breaking News**

Reports of 4 Dead from gunfire and an explosion and 2 injured.

The shooting was carried out by single student. Several classmates have reported the kid was a voyeur and had other strange tendencies.

The suspect has been making wild claims his gun could speak to him, and it was actually a girlfreind of one of the victims that is responsible.

These claims seem uncredible as his debit card records show he purchased the gun for the pre-meditated murders.

In any case, it's obvious whose to blame for this shocking tragedy...
